

1. Identification

Product Name	: Solvent for cloth wiper G kit (SPC-0919)	
Order No.	SPC-0919 (As cloth wiper G kit)	
General Use	Solvent for cloth wiper G kit (SPC-0919)	
Product Description	: Solvent clear liquid	
SDS Number	: 037-O127256	
Manufacture		
Company Name	: Mimaki Engineering Co., Ltd.	
Address	2182-3 Shigeno-otsu, Tomi-shi, Nagano 389-0512 JAPAN	
Telephone No.	: +81-268-64-2413	
Importer / Distributor Established in USA		
Company Name	: MIMAKI USA, INC.	
Address	: 150 Satellite Boulevard NE , suite A, Suwanee, Georgia 30024,	
	U.S.A.	
Telephone No.	:+1-678-730-0170	
Emergency Telephone No.	: +1 866 928 0789 (within United States only, Toll free)	
	$+1\ 215\ 207\ 0061$	

2. Hazards Identification

[HCS Classification]	
Physical Hazards	
Flammable Liquids	: Not classified
Health Hazards	
Serious Eye Damage / Irritation	: Category 2

The above list does not include category being non-classifiable or not-applicable.

Signal Word Warning

Hazard Statements

H319 Causes serious eye irritation.

Precautionary Statements

[Prevention]
P264 Wash hands thoroughly after handling.
P280 Wear protective gloves/protective clothing/eye protection/face protection.
[Response]
P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P337+P313 If eye irritation persists: Get medical advice/attention.
[Storage]
None

[Disposal]

P501 Dispose of contents/container in accordance with local/regional/national/international regulation (to be specified).

3. Composition / Information on Ingredients

No	Chemical Name	Wt%	CAS No.
1	Tetraethylene glycol monobutyl ether	≥ 98.0	1559 - 34 - 8

4. First Aid Measures

Inhalation	: When a worker feels sick, transfer him/her to a place under fresh air	
	and let him/her take ease. Seek medical attention immediately.	
Eye Contact	: Wash the contamination out of eyes, even reverse side of eyelids,	
	immediately with plenty of running water for more than 15 minutes,	
	Seek medical attention as soon as possible.	
Skin Contact	: Take off immediately all contaminated clothing and shoes, and wash	
	contaminated parts of body and skin with water and soap, and then	
	with running water.	
Ingestion	: If swallowed product, should not let patient vomit forcibly, because	
	vomited articles may be a cause of such danger that it might block	
	patient's tracheae. Should get medical attention, immediately.	
Most Important Symptoms/Effects		
Acute	: No information	
Delayed	: No information	
Indication of Immediate	: Treat symptomatically and supportively.	

Mimciki[®] Safety Data Sheets

Medical Attention and Special Treatment Needed, If Needed

5. Fire Fighting Measures

y water, bubbles.
ssure water streams.
ing combustion.
ely. If unable to move
vn by sprinkling water
ledicated
ker gear) and
g apparatus).

6. Accidental Release Measures

Personal Precautions, Protective Equipment and Emergency Procedures Evacuate persons at the lee. Do not allow persons to enter into an area where leakage is occurring by means of extending ropes around the leaked place. Remove possible sources of ignition presenting nearby, immediately. For fighting a fire, be sure to wear appropriate protectors. Should work from the windward. When the product has leaked into an interior, ventilate well the room until the leaked had been cleaned completely. Collect leakage into a sealable container, and the container should be transferred to a safe place. Do not touch leaked liquid and/or broken container without wearing appropriate protectors. Make sure to ventilate a closed room prior to entering thereto.

MIMCIKI[®] Safety Data Sheets

Methods and Materials: Leaked product should be blocked with sand and soil, and lead thefor Containment andstream of the leakage toward a safe place. Collect spilt-over productCleaning Upas much as possible into a sealable container. Recover spilled portionof product, and wash out the spoiled floor with sufficient water using
dispersing agent such as neutral detergent.

7. Handling and Storage

Precautions for Safe	: Keep fire away from the workplace where product is handled.
Handling	Exhaust ventilation system for the workplace should be operated
	properly. Put on appropriate protective wears and implements so as
	not to inhale chemicals and cause contact with eyes, skin and/or
	clothing. Close container tightly every time after use. Prevent
	diffusion of volatile as much as possible, so that the concentration of
	volatile in a working environment can be less than the concentration
	to be controlled. Avoid product from touching with any of the
	dangerous substances classified to first and sixth groups according to
	Fire Service Act and any of high pressure gases. Wash hands and
	gargle thoroughly after handling. Make sure not to handle product
	without completing to read and understanding the safety precaution.
	Be sure to ground apparatuses, equipments, etc. for securing to
	prevent generation of static electricity. Take measures such as wearing
	electroconductive working clothes, electroconductive
	working shoes, and so on.
Conditions for Safe	: Containers should be tightly closed, made distinguishable from the
Storage, including any	others, and stored in a dark, cool well-ventilated place. Keep away
Incompatibilities	from heat source, such as boilers, and combustible materials. Never
	store in the same place where oxidizer and organic peroxides are
	stored. This product must be stored in a warehouse specially used for
	dangerous chemicals conforming to Fire Service Act. Product must be
	stored in an original container or drum. Store product under lock and
	key.

8. Exposure Controls / Personal Protection

Exposure Limit Values : ACGIH, OSHA, and NIOSH have not developed exposure limits for Page 4 of 9

any of this product.

Exposure Controls	
Occupational Exposure Co	ontrols
Appropriate	: For indoor operations, make sure to seal up the source of leakage, or
Engineering Controls	install a ventilation system for workplace as a whole. Upon necessity,
	install on-the-spot ventilation.
Individual Protection Meas	ures, such as Personal Protective Equipment
Respiratory Protection	A respirator against toxic gas must be used. A cartridge used for a
	respirator must be renewed either regularly or appropriately
	corresponding to breakthrough time of use.
Vapor Respirator	
Glove	: Wear appropriate chemical resistant gloves.
Recommendations	
Gloves	
Eye /Face	A chemical goggles and face shield must be used.
Protection	
Safety Glasses	
Skin Protection	: A protective clothes and/or protective boots must be used.
Protective	
Environmental Exposure	Controls
	: Not available

9. Physical and Chemical Properties

Appearance	- Physical State	: Liquid
	- Color	: Clear
Odor		: Slightly
pH		: Not Applicable
Boiling Point / Boiling Range		$:304^{\circ}$ C

Mimciki Safety Data Sheets Product Name: Solvent for cloth wiper G kit (SPC-0919) SDS No. 037-0127256 First issue: 2022/07/06 Revised:

Melting Point / Melting Range	: Not available
Decomposition Temperature	: Not available
Flash Point	$:166^{\circ}C$
Auto ignition temperature	: Not available
Flammability (Solid, Gas)	: Not available
Explosive Properties	: Not available
Oxidizing Properties	: Not available
Vapor Pressure	:<1.3Pa (<0.01mmHg、20°C)
Relative Density	:1.008 (20°C)
Solubility	: Not available
Water Solubility	: Completely dissolved
Partition Coefficient (n-octanol / Water)	: Not available
Viscosity	: 13.9mm2/s(20°C)
Vapor Density	:8.6 (Air=1)
Evaporation Rate	: <1 (Butyl acetate=100)
VOC	: Not available

10. Stability and Reactivity

Conditions to Avoid	: High temperature, flame, spark and ignition source.
Stability	: Stable under normal handling conditions.
Materials to Avoid	: Strong oxidants, oxidizing substance, organic oxide.
Hazardous Reactions /	: Toxic gases such as CO will be generated during combustion.
Decomposition Products	

11. Toxicological Information

Acute Toxicity	: Not available	
Eye Irritation	: Tetraethylene glycol monobutyl ether	Category 2
Skin Irritation	: Not available	
Sensitization	: Not available	
Repeated Dose Toxicity	: Not available	
Chronic Toxicity	: Not available	
Mutagenicity	: Not available	
Carcinogenicity	: Not available	
Reproductive and Developmental Toxicity		

	: Not available
Others	: Not available

12. Ecological Information

	Handling is noted because it might influence the environment when
	leaking and abandoning it.
	Especially, note that the product doesn't flow directly to ground, the
	river, and the drain ditch.
Ecotoxicity	: Not available
Mobility	: Not available
Persistence and	: Not available
Degradability	
Bioaccumulative	: Not available
Potential	
Other Adverse Effects	: Not available

13. Disposal Considerations

: Comply with all USA, national and local regulations. <u>Do not dump this product into sewers, on the ground or into any body</u> <u>of water.</u>

14. Transport Information

	Check a thing without a leak in a container. Perform prevention of collapse of cargo surely.
Sea Transport (IMDG)	
Class	: Not Applicable
Packing Group (PG)	: Not Applicable
UN Number	: Not Applicable
Proper Shipping Name	: Not Applicable
Marine Pollutant	: Not Applicable
Air Transport (ICAO/IATA	A)
Class	: Not Applicable

Packing Group(PG)	: Not Applicable
UN Number	: Not Applicable
Proper Shipping Name	: Not Applicable

15. Regulatory Information

OSHA Status	[:] This product is hazardous under 29 CFR 1910. 1200.
TSCA Status	: Present (ACTIVE)
CERCLA	: Not Applicable
Reportable	
Quantity	
(40 CFR 302)	
SARA TitleIII	
Section 302	: Not Applicable
(40 CFR 355)	
Section 311/312	: Serious Eye Damage / Irritation : Category 2
(40 CFR 370)	
Section 313	: Not Applicable
(40 CFR 372)	
California	: Not regulated
Proposition 65	
Others	: Please refer to any other federal, state and local regulations.
